In antiquity, the Gods created Gilgamesh, who was perfect in body and spirit. He was two-thirds God and one-third human, imbued with beauty and courage by the Great Gods. Gilgamesh ruled the ancient city-state of Uruk and led it to prosperity. However, his godly facade concealed a mortal human heart.

The Epic of Gilgamesh, dating back to 2700 BC, is among the oldest works of literature and chronicles his quest for immortality. The epic explores human longing, the pursuit of glory, and the quest for meaning in a transient world.

Gilgamesh Covent Garden celebrates a fusion of cultures and culinary delights. We weave together the finest dishes from Asia, crafting them with care and expertise. Our establishment invites you to embark on a culinary odyssey where every bite is a revelation.

Welcome to a world where past meets present, and every moment is a celebration of culture, cuisine, and community.
